A Message from Your Chapter President

As we enter into the seasons of thanks, I want to say how thankful I am for all of you. More than just membership dues, I am thankful that you have invested into your wedding community, to offer a helping hand to those coming up and to learn from those who have gone before all while laughing together and trading a few horror stories of the season past. It has been a great year filled with world class education, inspiring event design and friendships both old and new.

Even though the season is winding down for most of us, we still have our Q4 event and the announcement of our 2026 Board of Directors coming up. After you've caught your breath, use this time to connect with the people you have met this year, a quick DM is all it takes to keep those relationships going.

Looking forward to seeing you at the Q4 event,
Loren Miller

Why WIPA:

As a wedding photographer, I truly love being a part of WIPA. This industry can feel fast paced and hectic at times, but spending time with my fellow wedding vendors and getting to know everyone on a more personal level is one of the greatest gifts being a WIPA member has brought me. Community is incredibly important to me, and nothing has brought me closer to the people in our industry than attending our local chapter events. PAIGE STAKER
PANDA FILMS

Business Summary:

Panda Wedding Films is an Ohio based wedding videography company founded in 2015 by Paige Staker. Our style can come across as eclectic but it is always rooted in matching the vibes of the day and the personality of the couple. With a deep love of storytelling as well as trying to interject as much fun and joy into the edit as possible our goal is simple, "Always Personal, Never Boring"

Why WIPA:

Editor's Note

Seasons Greetings!

I hope this time of year brings you the kind of joy and warmth that only the holidays can deliver. This is truly my favorite season—it's so deeply nostalgic and romantic, a beautiful time for gathering around the table. In many ways, this reminds me of the memorable events we create throughout the year.

My heart has always been in the humanity of events. The moments we witness for our clients are the moments they will never forget. Time seems to stand still when those you love most are gathered in one place. Amidst the focus on luxurious event design, the simple art of gathering is what life is all about.

Our roles in this industry are deeply personal to our clients, and my hope is that you feel that same sense of connection and appreciation from your WIPA Community.

With grace,

Natalie
